READY TO FIX THIS?

Let's Turn These Findings Into Wins

This audit analysed **7 pages** of **getspeedbump.com** and identified **10 critical issues** and **12 warnings**. Each one is a measurable drag on your search rankings, user experience, and conversions. The good news? Every issue here has a clear, actionable fix.

82/100	10	12	0
OVERALL SCORE — B (GOOD)	CRITICAL ISSUES	WARNINGS	MOBILE FAILURES

WHAT WE CAN FIX FOR YOU

- Mobile responsiveness fixes — capture the 60%+ mobile audience you're currently losing
- Page speed optimisations — reduce load times, bounce rates, and improve Core Web Vitals
- Broken link and navigation repairs — protect your SEO authority and search rankings
- Layout and UX improvements — ensure headers, footers, and CTAs are visible and effective
- Console error remediation — eliminate JavaScript errors that affect functionality
- CTA strategy and placement — turn passive visitors into leads and customers

Start With a Free Strategy Call

Our team will walk you through the priority fixes for **getspeedbump.com**, provide accurate effort estimates, and show you exactly how we'd approach each issue. No obligation — just a clear picture of what's possible.
